

Tailored K-Food Solutions for Global Markets

JH16 KOREA

Beyond Exporting, We Develop Value

EXPERTISE CUSTOMIZATION RELIABILITY GLOBAL REACH

JH

JH16 KOREA is a Korea-based food export and product development company specializing in tailored K-Food solutions for global markets.

With headquarters in Jeonju and a branch office in Ho Chi Minh City, Vietnam, we connect Korean food manufacturers with international buyers through market-driven development, reliable sourcing, and export expertise.

Our portfolio includes Korean sauces, food ingredients, premium seafood, processed seafood products, and ready-to-eat meal solutions. Working closely with chefs, manufacturers, distributors, and retail partners, we develop products tailored to the needs of each market.

We transform Korean food expertise into market-ready solutions for partners around the world.

Today, JH16 KOREA serves international retailers, distributors, restaurants and foodservice operators across Asia through a trusted network built on quality, flexibility and local market understanding.

COMPANY

SOLUTIONS

PORTFOLIO

PARTNERSHIP

JH16 Korea delivers tailored K-Food solutions for global markets.
From Korea to Southeast Asia, we connect manufacturers and buyers through trusted partnerships.

KEY HIGHLIGHTS

- 95% Export-Focused Business**
Serving international markets through specialized export operations and market-driven product development.
- 161 Vietnam Import Licenses**
Extensive regulatory experience supporting efficient market entry and product registration.
- Tailored OEM & ODM Solutions**
Customized product development based on local consumer preferences and market requirements.
- Korea ↔ Vietnam Network**
Connecting Korean manufacturers with Southeast Asian distributors, retailers, and foodservice partners.

As demand for Korean food continues to expand globally, JH16 Korea focuses on building long-term partnerships through customization, quality assurance, and reliable supply chain management.

Working closely with chefs, manufacturers, and distribution partners, we develop products that balance Korean authenticity with local market preferences.

Customization

Tailored for Every Market

We develop products that fit local tastes, market trends, and operational needs.

From flavor profiles and spice levels to packaging formats and product specifications, JH16 Korea works closely with partners to create solutions tailored to each market.

Our customization process combines Korean food expertise with local consumer insights, helping products achieve stronger market acceptance and long-term growth.

Every market has unique consumer preferences and regulatory requirements.

Through market research and product testing, we adapt recipes, ingredients, and packaging to maximize local relevance while maintaining Korean authenticity.

Quality Control & Process

From Production to Delivery

Certified Quality Assurance

At JH16 Korea, quality control is integrated throughout every stage of the supply chain. From raw material sourcing and manufacturing to packaging and export logistics, we work with certified production partners to ensure product consistency, safety, and reliability.

HACCP-Certified Manufacturing

Products are manufactured in HACCP-certified facilities that meet international food safety standards.

Cold Chain Logistics Hub

Traceability & Cold Chain Logistics

Lot-based traceability systems enable transparent product tracking, while temperature-controlled cold chain logistics help preserve freshness and product integrity throughout transportation and delivery.

Real Market Testing Platform

HANKKI Brand

HANKKI is a Korean dining brand operated in Vietnam, bringing Korean flavors closer to local consumers.

Through daily restaurant operations and direct customer interaction, JH16 Korea gains practical insights into consumer preferences, menu performance, and market trends. These insights support product development, localization, and the creation of market-ready solutions for retail, foodservice, and franchise partners.
